

Class 2 News Autumn Term 2026

Welcome back! I hope that you and your families have had a lovely Summer. I would like to introduce myself as Miss Yates and welcome to the new members of Class 2, as well as those returning to Year 2. We have an exciting term ahead! Here is a little update on what we will be learning.

English - Our Autumn 1 topic is based around 'Old Bear'. The children will develop their narrative writing skills and explore how to inform and explain. This will be supported by regular handwriting, spelling and grammar sessions. As you are aware, it is very important that your child reads regularly at home. We recommend around 15 minutes each evening, thank you for your continued support.

Maths - In Year 1, children will explore place value, length and mass, addition and subtraction, and 2D and 3D shapes. Year 2 will cover number and place value, length and mass, addition and subtraction, and 2D and 3D shapes. Quick recall of number facts is vital, so children should practise regularly at home using Numbots.

Religious Education - In Autumn 1, we will focus on Creation and Covenant. The children will learn about the key stages in the creation of the world and the creation of humans.

Science - We will be learning about naming and grouping animals. Children will develop their understanding of how animals can be classified into different groups.

Computing - In the Autumn 1, the children will be learning about Creating Media through digital writing.

Physical Education - Children will have outdoor PE on Mondays and Wednesdays in Autumn 1. Please ensure your child comes to school in their PE kit on these days. Children should have all-black trainers for PE, which should remain in school so that the class can use the track when needed. Thank you for your support.

History - In Autumn 2, we will look at the Remembrance and Local War Stories. This is in line with Remembrance Sunday.

DT - In Autumn 2, children will explore textiles by designing and making puppets. They will create a Christmas decoration which we hope to sell at the Church Christmas Fair.

Homework - Each week, the class will be asked to read three times per week and play on Numbots for 30 mins. Please support this weekly homework to support your child's learning.

If you have any questions or concerns, please feel free to send me a message via ClassDojo.

Kind Regards,

Miss Yates
